Figure 1 displays a grid of 12 icons representing various map features, organized into three rows and four columns. The icons are as follows:

- Row 1: Highway (solid line), Pipe/Power Line (dashed line), Stream/Shoreline (wavy line), Intermittent Stream (dashed wavy line).
- Row 2: Secondary Road (solid line with cross-ticks), Ridge/Physical Feature (dashed line with cross-ticks), Property/Estate Line (dashed line with cross-ticks), River (wavy line with cross-ticks).
- Row 3: Jeep Trail/Walking/Erroy (dashed line with cross-ticks), Railroad (solid line with cross-ticks), Nonvisible Boundary (dashed line with cross-ticks), Glacier (wavy line with cross-ticks).

Below the grid, three additional icons are shown, each with a dashed border:

- Military (blue dashed border).
- Inset (grey dashed border).
- Out Area (grey dashed border).

Where international date, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A '*' following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A '*' following a block number indicates that the block number is repeated elsewhere in the block.
